

# ALUMINIUM COUPLER

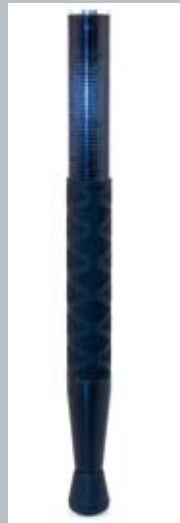

## Wildmount Joiner Kit

(For use with Fieldmaster and Crossfield)

A joining kit to enable stick breakdown into two or three pieces for convenient travel.

Top section creates a seated or lie down monopod with rubber foot for hunting (when used with rubber molded yolk). Also useful for photography as a monopod.

Use the joiner kit to add an optional weighted tip to your wading staff.

### Kit includes:

- Two aluminum joiners
- Stainless steel 3/8 bolt
- Rubber O-ring
- Rubber Foot
